

# + Treatment Action Campaign for Vulnerable Rural Women 2004

## + Inaugural Free Medical Benefit Camp Ugenya, 15th - 25th September 2004

The camp is organised by Community Support Group, based in Kibera, winner of the "Best Practice Innovative Youth" Award 2003, supported by a joint team of volunteer doctors and specialists from Kenya and The Kaiser Permanente Hospital in California-USA, sponsored through the Matibabu Foundation-USA.

+ This is an annual event that will be visiting various parts of the country on a rotational basis

The medical campaign's main focus will target HIV/AIDS opportunistic diseases; cholera, TB, urinary complications, malaria as well as cancer, and old age health problems for the less privileged.
